

Woodinville Sleep Improvement Center

Woodinville Sleep Improvement Center accepts most popular insurance plans including Medicare. We are also conscious of your financial concerns for any out-of-pocket expenses. Since we are not a hospital based sleep center or part of a physician group owned facility, our billing rates are much lower. Therefore, we pass that savings onto you for exactly the same procedures.

If you are unable or confused with the referral and insurance process, we can check with your insurance plan to pre-authorize sleep coverage for you. We also have reasonable payment options for the uninsured or cash payers. Knowing these details will support you on your path to *sleep improvement*.

Sleep Improvement Center

Sleep Questionnaire

Name _____

Phone _____

- Do you snore?
- Do you experience daytime sleepiness?
- Have bed partners witnessed your apnea?
- Do you have trouble initiating or maintaining sleep?
- Do you have high cholesterol, diabetes, or hypertension?
- Are you ten or more pounds overweight?

If you checked two or more boxes, please contact your family doctor or the Woodinville Sleep Improvement Center. We will guide you through the referral process for a consultation with our sleep specialist.
